On a sunny May morning in 1964, you and your classmates gathered to graduate from Hastings College. It was a day to celebrate your academic accomplishments, a time to look back upon the memories created and an opportunity to reflect on all you had learned in your time at Hastings College. After several years of hard work, you were ready to become a member of the Hastings College Alumni family.

Now, as you celebrate your 50 Year Golden Graduation from Hastings College, we invite you to take part in a unique opportunity – a chance to honor your time at Hastings College and help future generations of Hastings College students experience everything you loved about the College. Through the funding of the **Golden Years Legacy Scholarship**, you and your classmates will create a permanent source of funding that will provide financial assistance to a worthy Hastings College student. In today’s economic climate, securing funding to pay for the increasing cost of higher education has become more difficult than ever. Without financial aid from scholarships such as the Golden Years Legacy Scholarship, many students who currently attend Hastings College would not be able to afford their education.

Should the class of 1964 contribute over $20,000 to this fund over the next five years; the **Golden Graduation Class of 1964 Endowed Scholarship** will be established and become operational. Should your class not reach the $20,000 level, your contributions will be combined with those gifts from other golden graduation classes and be awarded as a part of the larger Golden Years Legacy Scholarship. Please consider making a one-time or multi-year pledge to help make your scholarship operational. Your contribution of any size will play a significant role in funding this scholarship and we hope you will consider making a gift. If you have any questions about this endowed scholarship, please contact Patty Sitorius at (800) 775-2585 or psitorius@hastings.edu.
